DISEASE TOOK SECOND HORSE

Strange Sickness Killed Animals In A Most Painful Manner

DISEASE IS HERE

A warning has been issued by C. S. Myszka, Mendocino county farm advisor, the paralytic disease common to horses, which appeared in San Joaquin Valley, has made its entrance in Mendocino county. Three different cases have been found here. Little is known of the malady, except it causes the horse to have spasms and to suffer greatly. In the San Joaquin Valley 50 per cent of the horses attacked with the malady die from the disease.

HOPLAND, Aug. 11.—George and Warner Harmon, younger members of the Harmon family, have enjoyed a delightful outing at Pine Ridge. This is the first occasion the lads have been away from home and the big adventure is being recited to their playfellows of tender years.

Mrs. T. J. Geary is in the Bay region, where fogs are reported abounding, and appears enjoying them after her energetic life here where it has been excessively hot of late.

Mr. and Mrs. J. H. Golder, of San Francisco, are again guests for a fortnight of their devoted friend, Mrs. George Rosasco. Mrs. Golder surprised her long-time chum, the family, and some guests Saturday afternoon, with an ice cream and cake feast while they recalled Sonoma and Mendocino incidents of several decades ago.

Shipped Lambs To City.

C. T. Smith shipped a carload of lambs during the week to the city markets in care of Albert Harmon.

AFTER 40

bowel trouble

Constipation may very easily become chronic after forty. And any continued constipation at that time of life may bring attacks of piles and a host of other unpleasant disorders.

Watch your bowels at any age. Guard them with particular care after forty. Whenever they need any help, remember a doctor should know what is best for them.

"Dr. Caldwell's Syrup Pepsin" *is a doctor's prescription for the bowels.* Tested by 47 years' practice, it has been found thoroughly effective in relieving constipation and its ills for men, women and children of all ages. It has proven perfectly safe even for babies. Made from fresh laxative herbs, pure pepsin and other harmless ingredients, it cannot gripe; will not sicken you or weaken you; can be used without harm as often as your breath is bad, or when your tongue is coated; whenever a headachy, bilious, gassy condition warns of constipation.

Autoist Forced Driver To Brink Of 100 Foot Canyon

One mile north of Lane's Flat at 6:30 o'clock Sunday morning the machine of Richard R. Robertson, of San Francisco, was struck by a car driven by A. C. Shriver, of San Francisco.

A Clear Case.

The accident occurred on a curve when the machine driven by Mr. Shriver crowded Mr. Robertson within a few feet of a 100-foot drop into a canyon before the cars collided.

Death Not Generally Known.

Why uncovered information did not make clear the death of Mrs. Herbert Thomson, Sr., wife of the late Dr. Herbert Thomson, of Boonville, is deplorable in the face of facts. Dr. Thomson, like Dr. E. W. King and Dr. Bond, whom he frequently called in consultation, was part of our Mendocino history we are proud to review—lest we forget. Indeed, physicians like them, and our dear old Dr. Pike made unforgettable history here, where night and day they traveled, by sulky or cart, our weary trails and equally deplorable roads, with medical cases and instruments, performing their God-directed offices with a tenderness and devotion that gives them a halo in our memory niche, never to be effaced. Surely we are all Catholic in this that we radio across the "Great Divide" with bowed heads our "Rest in peace" to those beloved by so many. To the wives who made their weary lives easier, who frequently assisted in their noble professional demands, surely to these pioneer women do we very reverently say: "Well done, thou good and faithful servant."

Mr. and Mrs. Harold gave a dinner at Poma Inn during the week to honor friends and travelers up the Redwood Highway.

Another Horse Victim.

Don Macmillan's "Vesta," faithful mate of "Black Beauty," was stricken just as Miss Howitt feared she might be, about a week after the other horse. Mr. Macmillan could not struggle with the piteous spasms in this instance, so the mare was shot when her agony became convincing proof she had her mate's malady. She, too, was cremated. It is the misery the dumb brute suffers in this terrible plague that unnerves the willing but puzzled nurse.

To Visit Springs.

Captain George Johnson, of San Francisco, who was reported dead, although having been piteously ill, will soon be a guest at Duncan Springs, when he is able to travel. Mrs. Johnson was Miss Clara Northon, of Sanel Valley, when her uncle, the late Oscar Fore, a California capitalist, had a county place here.

Mrs. Henderson Better.

Mrs. Tranquillo Henderson, true to her name, is gradually mastering her recent illness and we hope to see her abroad soon.

Camp Does Well.

The Tolman auto camp retains all popularity and is ever a busy place.

Popular Miss Dorothea Dooley was a recent guest of her parents.

On A Vacation.

Mrs. Charles Ashurst is a vacationist with her little daughter at this writing. Miss Hiatt is assisting, in her absence, our kindly postmistress.

Orville Grant, grateful and happy, gaining in weight, is in town after many weeks of pain.

Personal Mention

Mr. and Mrs. Don Chilson and small daughter were up from San Francisco Sunday. Years ago Mr. Chilson was an employe of The Republican Press.

Clyde Moore, of Eureka, who is running out of Ukiah with the pear trains on the Northwestern Pacific railroad this season, was a guest Thursday in the home of Mr. and Mrs. W. E. Chadd.

Mr. and Mrs. E. A. Dunsing and Mr. and Mrs. W. E. Chadd and Mr. and Mrs. Grover Berryhill drove over to Fort Bragg and enjoyed Sunday on the coast, where they found the weather delightful.

Editor and Mrs. C. A. Carroll, of Calistoga, were in town Sunday. Mr. Carroll, who is an old Mendocino county newspaperman, now successfully conducts The Calistogan at Calistoga.

Mr. and Mrs. Leslie E. Crawford motored to Round Valley last week where Mr. Crawford is feeding a large number of lambs on his Round Valley ranch. Mr. Crawford said feed was plentiful and the lambs were found in excellent condition.

Mrs. T. A. Templeton is visiting at the R. T. Hutsell home in Anderson Valley.

Miss Esther Redwine is enjoying a vacation of a fortnight in the bay district.

Mrs. M. F. Potter has gone to Vallejo to see her son, who has been visiting relatives there some weeks.

Robert, Edward and James Holten, of Houston, Texas, passed through this city last week enroute to Canada. The three brothers stopped over here for a short visit with Dr. Robert Steiert, who was a fellow member with them at the Houston Y. M. C. A.

Mrs. Mabel Sassenrath, of Eldridge, was here last week for a visit with her parents, Mr. and Mrs. C. W. Barrick, and her sister, Mrs. Neil Anker.

Miss Dorothy Giles, of this city, went to San Francisco Saturday where she will pass a vacation of a fortnight, the guest of relatives.

Mrs. Charles Bedell and small son are here from Plumas county to visit Mrs. Bedell's father, E. B. Gibson.

L. J. Scooffy, of Noyo Lodge, was here on business the first of the week and continued on to San Francisco Tuesday afternoon.

Mrs. Bert Rains was seriously ill last week with an attack of tonsilitis but is much better at the present time.

Mr. and Mrs. Harry Maus and two children are in Ukiah for a visit with relatives. The family formerly resided here, but left several years ago when Mr. Maus accepted a position at Vallejo.

F. E. Mason, business manager of the Napa State Hospital, was in town Monday greeting friends. Mr. Mason formerly held a similar position at the Mendocino State Hospital.

Miss Elizabeth Ryder went to Fort Bragg over the week-end for a visit with Miss Alta Bishop. Miss Ryder leaves later in the week for Berkeley to re-enter the University of California.

URGE UNIFORM FIRE STATUTE

Convention At Santa Rosa Plans State Law Of Like Kind

The Ukiah Fire Department was represented at the annual convention of the California Firemen's Association, held at Santa Rosa Wednesday, Thursday and Friday, with Captain W. A. Meyers, of Los Angeles, president of the association, presiding. The Ukiah representatives were Joe Trimeloni, delegate, and Fire Chief Neil Anker and Sam Shortridge, who went to Santa Rosa Thursday to attend the afternoon and evening session which included a barbecue supper.

Want Uniform Laws.

One of the most interesting and enlightening features of the convention was the display and demonstration of modern fire-fighting equipment. The four important measures urged and deferred to the executive committee to be drafted for presentation to the next state legislature would provide: Uniform alarm signals for public schools and public institutions; uniform traffic regulations governing vehicles on streets and roads when fire departments are answering alarms; civil service rules for all paid firemen; legal machinery for rural fire districts to enlarge their territories.

Sheep Truck Took A Turn Too Sharp

Francis Ornbaun, 20-year-old son of Attorney Caspar Ornbaun, escaped with slight abrasions of the skin last week when a truck he was driving, loaded with 126 sheep from one of the Ornbaun ranches near Yorkville, was upset when the sheep were crowded to one side of the truck in making a turn in the road. Twelve of the sheep were killed when the truck was over-balanced and fell on its side.

"This is my Estate"

Thousands of people—many with modest incomes—have founded substantial estates upon LIFE INSURANCE. Policies now in force in California exceed *five billion* dollars.

Seasoned in financial judgment, a life insurance company chooses its bank with as much care as its investments.

One of the world's largest companies transacts business through 60 different Bank of America branches.

And more than 25 other life insurance concerns likewise accumulate and distribute their funds through this Bank's statewide system.

Thus millions that would otherwise remain in transit are made available for increased investments in sound first mortgages and bonds.

These investments of life insurance funds—so helpful to the development of California—benefit property owners, business concerns and wage-earners throughout the state.

Bank of America does not sell life insurance, but considers it one of the most important investments. It is a major asset of many estates administered by our Trust Department . . . Have you investigated the advantages of a Life Insurance Trust? Ask any Bank of America officer in your community.

F. GIANOLI WAS DECLARED SANE

Former Pt. Arena Man Believed A Victim Of Gossipers

Ferucchio Gianoli, 31, Mendocino county marketman, was last week in Santa Rosa found sane by a superior court jury after 15 minutes of deliberation.

Demanded Jury Trial.

Mr. Gianoli was arrested several weeks ago on an insanity charge, and was subsequently found insane and ordered committed to a state hospital. He demanded trial by jury under his constitutional rights.

Jury Solid For Him.

While the jury was not polled, it was reported the verdict was unanimous and Mr. Gianoli was found sane on the first ballot. Tony Mego was foreman of the jury.

Thanked The Jury.

Mr. Gianoli shook hands with each juror and expressed his thanks after the verdict had been read. Then followed a happy reunion with his wife, his children, and an aunt who had aided him in the trial.

Well Known Here.

The accused man is a former Point Arena resident and is well and favorably known in this part of the county. Generally it is understood, the belief prevails Mr. Gianoli was the victim of gossipers and trouble-makers. The fact he was successful in his fight against his enemies was satisfying news to friends of the family here.

ROAD NEED DESPERATE

(Continued From Page One)

rate must be raised if the county fund is to remain the same.

Not Worth Sacrifice.

The assessment in Fort Bragg was lowered $10,000 this year, which under the present rate results in a saving of $280. This saving distributed among all the property owners of Fort Bragg, in the opinion of those with whom I have talked, does not warrant sacrificing what tourist travel we have and the only possibility of building up our property values through the construction of good roads.

He Cites Illustrations.

A few years ago Garberville was practically nothing on a poor road back in the mountains. Mendocino was a much larger town, on a better road and with higher property values. Today a highway runs through Garberville and the above conditions are just reversed. For example, I understand a house and lot in Mendocino, favorably located, sold recently for $375. Had this property been in Garberville, its value would have been from $1000 to $1500.

Where Fault Lies.

I am in favor of the same 40 cent road levy as we had last year, and, I insist, any raise in taxes will not be caused by this levy. Some of the causes for a higher tax rate are: $850,000 decrease in assessment, $32,000 increase to take care of indigents, $40,000 in delinquent taxes compared with $12,000 in 1929, $9000 revenue in interest on money loaned to banks.

"Charley's Aunt," an hilarious comedy of student life at picturesque Oxford University, is the latest vehicle of that famous player, Charlie Ruggles, beloved of millions of fans. This Columbia picture, produced by Christie, comedy specialist, is scheduled to come to The State Theatre Sunday and Monday.

A Clever Selection.

Charlie Ruggles was a happy choice for the starring role. There isn't another comedian on the screen today who possesses that combination of slapstick and sophisticated humor necessary for the successful interpretation of the "dowager aunt from Brazil." This is the biggest role he has had to date, although his previous ones were all successful. They were roles that established Charlie in an unique position on the screen in spite of the fact they were always secondary parts. Often he succeeded in stealing the picture from the star. In "Charley's Aunt" he plays the title role and the wish of many a fan will thus be satisfied—to see Charlie Ruggles in a picture that is "really his." June Collyer, Hallilwell Hobbes, Flora eL Breton, Flora Sheffield, Rodney McLennon, Hugh Williams and Doris Lloyd play supporting roles.

Restless CHILDREN

CHILDREN will fret, often for no apparent reason. But there's always Castoria! As harmless as the recipe on the wrapper; mild and bland as it tastes. But its gentle action soothes a youngster more surely than a more powerful medicine.

That's the beauty of this special children's remedy! It may be given the tiniest infant — as often as there is need. In cases of colic, diarrhea or similar disturbance, it is invaluable. A coated tongue calls for just a few drops to ward off constipation; so does any suggestion of bad breath. Whenever children don't eat well, don't rest well, or have any little upset—this pure vegetable preparation is usually all that's needed.

At a called meeting of residents of the valley recently C. A. Tarwater was appointed chairman of the committee in charge of the work and he is receiving the hearty co-operation of the rest of the town. The state has agreed to gravel the highway, if the citizens provide the gravel.

PEAR PACKING ALMOST ENDED

Prunes Will Be Coming In Next—Grape Crop Reported Light

With the harvesting of the pear crop well under way and prune picking in the Ukiah valley in prospect this week local attention turns to the grape crop which is an important adjunct of agriculture here.

Crop Is Lighter.

The Ukiah valley, like other grape producing centers, shows a sharp decline in production this year by abnormally high temperatures and shortage of rainfall. Federal forecasts for California in mid-July indicate a reduction of 30 per cent under last year's product in all varieties of grapes and 13 per cent less tonnage than was harvested in 1930. Further losses have been taken subsequent to the forecast, due to continued hot weather, according to C. B. Moore, of the farm labor committee of the state Chamber of Commerce.

"ACCIDENTAL DEATH" SAID THE JURYMEN

Alexander Brown, Powderman On Highway, Is Mistake Victim

SHOUT MISUNDERSTOOD

Warning To An Autoist Is Taken For An Order To Blast

(Special Correspondence of The Press)

WILLITS, Aug. 11.—The sufferings of Alexander Brown, injured in a powder explosion on the highway July 21, ended in death at the hospital here last week.

How Injury Came About.

Mr. Brown was powder man for a crew engaged in state highway construction some 12 miles north of Willits. He had drilled a hole and placed the powder charge in the hole and was tamping the earth above it when his assistant prematurely discharged the blast. The man helping Mr Brown had been told to press down the electric button that sets off a blast when he heard an order shouted from Mr. Brown.

A Mistake Resulted.

Unfortunately a motorist came down the highway and was driving into the danger zone and the flagman shouted loudly to the car driver to stop. The assistant of Mr. Brown mistook the shout to the autoist for one coming from Mr. Brown and pressed the button. The blast went off while Mr. Brown was standing directly over the powder-filled hole and he was frightfully injured.

Pneumonia Developed.

The fleshy portion of Mr. Brown's right thigh was torn off and he also received very serious injuries on the left thigh and leg. He was rushed to the Howard Memorial hospital, where everything possible was done for him. He lost considerable blood and was left in a weakened condition and some days later he developed a severe attack of pneumonia.

No Blame Placed.

Deputy Coroner L. P. Anker held an inquest at his mortuary Saturday and the jury made a very thorough examination of all of the facts bearing on the case and took the testimony of all of the witnesses. After due deliberation they decided Mr. Brown's death is due to a "premature powder explosion" and did not place any blame on any person, for it appeared to be an unavoidable accident.

Son Lives In Ukiah.

Alex Brown was born in Chicago, Illinois, January 22, 1881, and came to California 28 years ago. By far the largest portion of this 28 years has been spent in Mendocino county and he has been empolyed by the highway commission for about ten years.

Besides the widow he leaves two sons the elder of whom, Ralph, drives a truck for the Richfield Oil company in Ukiah. The younger son, Elmer, is about 12 years of age.

The funeral services were held at the Willits Methodist church, Sunday afternoon, and were conducted by Chaplain G. H. Jones.

TO TAKE A REST

Zeryl Jackson, assistant manager of the local branch of Montgomery Ward & Company, will leave Saturday with his mother for an outing of a fortnight at the Circle X ranch on San Hedrin.

REMODELING RESIDENCE

Mrs. Eugenie Cox is having her residence property at Bush and Church streets completely remodeled. The house was recently vacated by Mr. and Mrs. Howard Salls, who purchased and took possession August 1 of the F. Zeek home in West Standley street which they will remodel also.

AT BRIDGE MEETING

Mr. and Mrs. A. R. O'Brien went to San Francisco early this morning so Mr. O'Brien might be on hand to attend the meeting of the board of directors of the Golden Gate bridge district this afternoon.

EX-RESIDENT HERE

Dr. and Mrs. W. H. Wadsworth, of Berkeley, who are passing the late summer here, are occupying the cottage in North Pine street owned by Mrs. Fannie White and leased to Mrs. Mary Smith. The latter is at the L. Hofman home during the absence of the Hofman family in Bellingham, Washington.

AT SICK SON'S BEDSIDE

Mrs. Douglas Walker arrived here from Healdsburg last week for a visit of a few days after which she left for Upper Lake where she visited at the home of her son, W. O. Duddick, who has been seriously ill. Before returning home Mrs. Walker will pass several weeks with her husband in Sherwood Valley.

SAFE IN IRELAND

The Press last week received a card from Rev. Adrian Sharkey from Dublin, Ireland. Father Sharkey had an enjoyable trip across the Atlantic and was meeting many old friends, he said. Nothing indicated whether Father Sharkey would be returned here, but it is sincerely hoped he will be sent back to St. Mary's parish.

MANY CHARGES POSSIBLE

(Continued from Page One)

for Graham at the time the automobile collision occurred Wednesday afternoon and neither Morgan nor McClure knew at that time that the pseudo-Beatty was the man wanted.

Held For Liquor Possession.

Morgan told him that he would have to be taken into custody on a charge of possession and transportation of intoxicating liquor.

Made A Get-Away.

He asked to be allowed to telephone to his mother to ask for bail. This privilege was granted but instead of entering the de Senan barbecue shop as was expected, he dodged around the corner and fled with the deputy sheriff in instant and hot pursuit. The way was barred by two cross fences both of which were scaled by the fleeing man and his pursuer. The officer ordered the man to stop and shot twice into the air to emphasize his words but the runner did not slacken his speed.

Citizens Aided Officer.

Charles Moffitt and Ruel Stickney came along in a car and headed the fugitive off at the Standard Oil plant where with the help of an employee of that company they detained him until the officer handcuffed him. He was put in the Stickney car and taken to jail while Constable McClure brought in the booze.

Man Identified Promptly.

He had with him two rifles the numbers of which corresponded to those sold by the Barker hardware store. He was at once suspected of passing the bad checks. Walter Sandelin and Stanley Watson were called in and definitely identified him as Graham.

A Hidden Blade.

The waist band of a pair of trousers found in his car had been ripped and a safety razor blade inserted, it is thought, as an emergency weapon.

Would Settle Cases.

It was stated yesterday by the sheriff's office that Graham's brother in Reno had offered to pay all costs, damages, etc., and make good on all forgeries and stolen cars both here and in San Francisco if the charges against him would be dropped.

Is An Alcoholic.

Criminal records show the prisoner at one time was confined in the Mendocino State Hospital for The Insane for alcoholic treatment. It is also understood Mr. Graham is charged with having stolen two automobiles in San Francisco and to have passed some 15 or 20 worthless checks in that city. Drink, it is claimed, makes Mr. Graham irresponsible and when drinking he commits criminal acts.

ASSASSIN
A Drinker of Hashish!
In eleventh-century Persia, a secret order was founded by Hassan ben Sabbah, indulging in the use of the Oriental drug hashish, and, when under its influence, in the practice of secret murder. The murderous drinker of hashish came to be called *hashash* in the Arabic and from that origin comes our English word *assassin!*

YELLOWJACKET NEST CAUSED 4 CREMATIONS

A Mule Packtrain Was Electrocuted By A Tower Falling

THE DRIVER IS TRAPPED

Linemen Had To Run A Fire Hazard When Rescuing Victim

Members of the P. G. & E. linemens' force here relate a rather remarkable accident, the details of which they say, were told them by members of a company crew in Humboldt county. According to the story told here, a pack-train of mules was electrocuted and their driver seriously injured. Walter Renfroe, of Freshwater, is now in St. Josephs' Hospital, Eureka, receiving treatment for severe burns and a crushed chest after a miraculous escape from death a few days ago when his pack train of four mules was electrocuted near Snow Camp.

Yellowjackets Did It.

Mr. Renfroe, who had been packing equipment from Snow Camp to the summit for the P. G. & E. Company, lay for more than three hours under the dead mules before he was rescued by a lineman of the company. The electrocution of mules occurred near Snow Camp. Mr. Renfroe was riding the lead mule, followed by the three mules of the train tied together. The lead mule stirred up a yellowjacket nest and the yellowjackets settled on the rear mule of the train.

Pulled Down Tower.

The mule ran to one side of the power line tower while the other two mules tried to get around the other side. The tower was pulled down and the power lines, carrying 66,000 volts, fell across the neck of the mule Mr. Renfroe was riding.

Had Close Call.

As the mule slumped to the ground the wires hung on the saddlehorn. Mr. Renfroe was pinned beneath the animal. The other three mules were killed as they came in contact with the wire. For three hours Mr. Renfroe attempted to cut the pack from the mule, until he was exhausted. The rescue party had to fight its way through fire to get to Mr. Renfroe. He was unconscious when they reached him.

Station Man A Guest Of The Co.—Did Well

A. T. Henrich, proprietor of the Shell Oil Station in North State street, left Sunday for Los Angeles where he will be the guest of the Shell Oil Company as a reward for Goodyear tire sales service. The local young business man, in competition with salesmen in all of California north of San Luis Obispo, was one of two winners in the sales contest held during May and June. At Los Angeles he will be feted at a dinner at the Hotel Roosevelt and will be guest of honor at numerous entertainments, the entire expense of which, including the travel fare, will be borne by the Shell Oil Company.

RESORT MANAGER VISITS

Autos Kill 244 People In State In One Month

A total of 244 persons were killed in California by automobile accidents in June, the second highest monthly record of deaths in the state's history. This was the report of Victor Killick, statistician of the state division of motor vehicles. The highest death toll in history was reached in November, 1930, with a total of 258, said Mr. Killick. "The 244 deaths in June brought the semi-annual total for 1931 up to 1216 deaths—150 more than for the first half of 1930," said Mr. Killick. "This is a 14 per cent increase, and unless there is a marked decline in the figures for the remainder of the year, the rate of increase will be at least twice as much as it was for 1930, which was a little more than six per cent over 1929." An "appalling increase" in persons maimed by automobiles was reported. In June, 4154 persons were hurt in traffic accidents, which brought the total for the six months to 22,614, or 3918 more than 1930.

"OUT OF THE PAST" REFLECTED BY AN OLD COPY OF THE PRESS

Happenings Of The Long Ago Recalled When Carpet Was Taken Up In Home Of A Ukiah Woman Recently

Last week while Mrs. E. F. Dixon, who has been reading The Press 40 years, was taking up a carpet in her home she came upon a copy of The Republican Press, dated July 29, 1904. The paper had been under the carpet all these years. Memory floods back upon reading the news contained in The Press that week. W. O. White and O. L. Stanley were the publishers of The Press then.

Was For Roosevelt.

An editorial from The Sacramento Bee, in which Theodore Roosevelt was urged for the presidency, was reproduced and approved by The Press.

Made A Prediction.

J. W. Dickle, a San Francisco marine draughtsman, had drawn plans for a schooner 170 feet long and The Mendocino Beacon was quoted as being of the opinion that, one day, Albion would have a shipyard. The schooner was being built at Albion.

Mill Was Starting.

A sawmill, which had just been completed at Hollow Tree, had a test run and had proven satisfactory. The mill had an estimated capacity of 40,000 feet a day.

Business College Planned.

Principal C. W. Mathews had taken a lease on the upper story of the newly completed Eversole building and intended opening a business college at once.

Even As Now.

T. E. Davis was arrested about that time for an alleged incendiarism at Hopland and he pleaded guilty. The accused man said he had been drinking.

Saw The Fair.

Mr. and Mrs. H. B. Smith had just returned from the World's Fair at St. Louis and, in an interview, Mr. Smith told Ukiahans the wonders of the exposition.

They Were Authors.

In an issue of "Purple and Gold," the school annual, L. Cunningham and Volney Seawell collaborated and produced a short story, "A Reunion."

Hurt At Mill.

Bona Cleveland, the day before the paper was issued, was the victim of an accident at the planing mill and had his shoulder and several ribs broken.

Opened A Hotel.

John Ornbaun had just completed the new hotel he had been constructing at Ornbaun.

Hop Growers Active.

A meeting of hop growers had been called for Falls' store during the week by J. T. Fine.

We Won Game.

There had been a spirited baseball game between Santa Rosa and Ukiah, played Sunday, and Ukiah had won 11 to 9. Much money had been bet on the contest.

Not So Easy Then.

John L. McNab was not, in those good old days, getting the rich fees he now receives. He had just returned from a rough trip to Lake county where he had gone to defend a client.

Bought A Lot.

Rev. F. W. Crook, Presbyterian minister, had concluded a deal for a tract of land near Judge J. M. Mannon's residence and said he intended living here.

School Hours Too Long.

Mrs. J. W. Eversole had a plea in The Press for shorter hours in the schools. School in those days took up at nine in the morning and ran until four in the afternoon.

Would Reclaim Land.

A survey was being made of Big River with the idea of locating tide lands and mud flats which might be reclaimed.

Death Of Wm. Held.

William Held, father of Attorney W. D. L. Held, who became separated from two friends on Red Mountain and wandered for two days and nights, lost, had reached town following having sustained a bad fall down a mountain, and died of injuries and exposure.

They Were Stylish.

H. Marks, in a full-page advertisement, was offering his entire stock of ladies' corsets at reduced prices.

Buggies Were Used.

J. A. Gibson reported a brisk sale of surreys and buggies.

Becoming Metropolitan.

An ordinance was being put in effect establishing a pound on the east side of Redwood Valley.

Sherwood Valley Service.

Passenger service was to be established that week between Fort Bragg and Sherwood Valley.

Wanted To Organize.

Coast pioneers were talking of organizing a pioneers' club.

A Woman Dentist.

Dr. Annie R. Watkins was practicing dentistry here in those times.

Closing Out Stock.

Waugh & Waugh had an announcement they were retiring from business.

Family Was Happy.

An 8¼-pound daughter had just arrived at the home of Mr. and Mrs. C. A. Gowell.

Sheepman A Visitor.

Ed Singley was announced in the issue as having come over from his Anderson Valley ranch on a supply buying mission.

Leased Redemeyer Ranch.

Thomas E. Garner had taken a lease on the A. F. Redemeyer ranch near town, the paper said.

Were Selling Bonds.

The Hopland Union high school was offering an issue of bonds for sale.

Pat Connolly A Banker.

The Commercial Bank of Ukiah had an ad in The Press and Pat Connolly was then cashier.

Out For The Assembly.

W. D. L. Held had an announcement in The Press in which he asked support of voters. Mr. Held was running for the assembly.

Mr. and Mrs. Albert Saunders, of Fort Bragg, were recent week-end visitors here.

WILLITS HAS A STORE ROBBERY

Business House Is Ransacked Of Money And Some Merchandise

(Special Correspondence of The Press)

WILLITS, Aug. 11. — Some time during Tuesday night last The Purity Store was robbed. Entrance was obtained through a galvanized roof, which was pried up and afterwards a back door was taken off the hinges. The robbery was not discovered until the next morning when Manager Charles Sapp opened the store for business. The sum of $7.50 left in the cash register was taken as was also a considerable amount of groceries. Officers were notified and are working on the case.

Guy Hall brought the first buck to town on the morning of the opening of the season. He left town at daybreak and in less than an hour had killed and dressed the buck and was on his way home. He was ready for business, as usual, at 8 o'clock. Several other parties came straggling in later and the result of the first day was about as usual. For several days last week, prior to the opening day, parties of hunters passed through town on their way to favorite hunting sites.

Called As A Witness.

Chief of Police Jake Thom has been summoned to appear at the Federal court, San Francisco, August 6, as a witness in the case where two men stole an automobile at Portland, Oregon, and were arrested here by Thom after they had made their get-a-way from a service station in Long valley.

Department Not Appreciated.

For several weeks the Willits fire department has turned out nearly every night to burn the dry grass and weeds on the most prominent vacant lots under the supervision of Chief Merrill Williams. This has been a custom here for some years and it reduced the fire hazard to a minimum. But few of our citizens appreciate the vast amount of service extended by our volunteer fire department and but for their faithful services our insurance rates would be almost prohibitive. The board of fire underwriters give our volunteer fire department a very high rating and this honor, and the knowledge that they are performing a very important civic duty, is about all the fire laddies get out of it.
